The height and total height may vary depending on the fitting.

In the Maxi version, the back is 4cm higher and the leg rest is extended.

The battery discharges significantly faster with the optional 'heating' option.

This is not a reason for complaint.

## AIR CHAMBER MASSAGE SYSTEM

The himolla Air Massage is a massage system controlled via air chambers. Five air chambers are located under the cover on the backrest. The second lowest air chamber can alternatively be used and adjusted manually as a lumbar support outside of the auto programme.
